

The Story of David

④ God saved him through a loyal friend

Narration David soon became a national hero for defeating the Philistines and Goliath.

People Hail David! Hail David!

Narration King Saul also acknowledged David's courage and achievement and appointed him Minister of Defence. Wherever he went, David acted wisely and was followed by the Israelites and its leaders.

People 1 King Saul is incredible but these days General David is even more incredible!

People Hail General David! Hail him, hail him!

People 2 General David is the best in all of Israel!

Narration But King Saul began to feel uneasy as David grew more and more popular and famous.

Saul Hmm...

Narration King Saul grew increasingly jealous of David, until one day he came to hate the sight of him.

Saul The people like David more than they like me. David is going to oust me and take the throne for himself. There's no doubt about it! If I don't get rid of him now, my family and I are going to be in grave danger. I must get rid of him! Once and for all!

Narration From then on King Saul tried to kill David by ordering his subordinates. He even tried to kill David himself by throwing a spear at him.

Saul Why, you~~~~~! Die!!!

David Arrrrgh!

Narration It was at this moment that King Saul's son, Jonathan, heard that David was in a lot of danger. He worried deeply for him. Jonathan and David had been friends for a very long time and shared a very deep bond. They were always together, in happiness and in sadness, and were the dearest of friends who loved each other very much. So it was only natural that David sought out his friend Jonathan in his moment of danger.

David Jonathan! What have I done that has caused your father to want to kill me? What have I done wrong? Jonathan! I am so scared..

Jonathan David~ you and I are ooonne! Let me first find out my father's true heart. And if it is his true intention to kill you, then David! I will do everything in my power to keep you safe. Don't worry David and sleep well tonight... I apologise on my father's behalf...

David~~ I don't care if I don't become king. What is important to me is that you are safe and well. That is enough for me. God will keep you safe, so if you become king later, I beg you to be kind to me and my family.

David If I survive and become king, I promise to keep you and your family safe.

Jonathan Father, why are you trying to kill David? What has he done wrong to cause you to act so cruelly against him?

Saul You rascal! Do you not realise that your friendship with David is a disgrace to this family? As long as David is alive, you will never be king of this nation and our whole family will be in danger. Therefore, bring David to me at once! He must be killed immediately!

Jonathan Father, but David has done nothing wrong. Stop this nonsense!

Saul You rascal~~~ do you want to die as well!!! Fine, since you choose to side with David, I will kill you also!

.....

Narration Jonathan realised his father was determined to kill David. He ran out of the room in despair and did not eat anything. The next day, Jonathan found David who had been in hiding and told him to run away. The two shared their final farewells. They hugged each other and wept.

Jonathan Waaah~~

David Me too, waaaah~~~

Narration Jonathan gazed sadly at David as he ran away and he continued to weep.

Jonathan Waaah~~

Narration David also continued to weep, thinking about Jonathan helping him from afar, as he ran away.

David Me too, waaaah~~~

Moon Me too, waaaah~~~

Narration From this day on, David's life became difficult. The happiness that he had enjoyed previously was gone. He had to constantly fight against the threat of death and run like a fugitive. What would happen to David?
